In addition to ongoing committee representation, MUSSA would like to report on the following updates:

1. **MUSINGS**

The website/blog run by the Musings Co-Editor on the MUSSA council is now active for the summer, running various weekly columns by MMSt students and professors. We are actively working to raise awareness of the site and encourage dialogue with the public/prospective and current students, as well as highlight various elements of the program and the wider sphere of the field.

Columns running this summer are Museum Mondays, Exhibition Reviews, Thesis Tuesdays, Object of the Week, and Reflective Fridays. Musings is also accepting submissions and proposals for posts and/or columns.

2. **MISC/MUSSA**

We have created an open dialogue with the MISC council in order to organize joint events for both orientation and throughout the 2014/15 year. We all agreed to work towards creating a wider community at the iSchool through collaboration between the MI and the MMSt programs.

3. **Incoming Student Events**

We have assisted with various events for incoming and prospective students as needed.
