Congratulations to our new graduates! The following information will assist you in your transition from iSchool student to iSchool alumna/alumnus.

iSCHOOL NETWORK ACCOUNTS
Access to the iSchool network for students graduating in March/June will terminate at the end of August. Access to the iSchool network for students graduating in November will terminate at the end of December.

As a result, we recommend you:

- Make backup copies of files stored on Faculty of Information servers that you wish to keep
- Unsubscribe from any mailing lists that you subscribed to with your @mail.utoronto.ca email

Upon graduation, U of T automatically converts your @mail.utoronto.ca email address to an @alum.utoronto.ca email address. Messages sent to your @mail.utoronto.ca will be forwarded to your @alum.utoronto.ca for up to two years. To find out more about alumni email options visit: http://alumni.utoronto.ca/services/alumni-email

If you are working on research projects for iSchool faculty after the network account termination date, you will need to request an extension of network privileges. Email support.ischool@utoronto.ca for details.

Graduating students who require building and room access after convocation because they are conducting research for, or are employed by, the Faculty should email Glen Menzies, Facilities Coordinator, at gmenzies@utoronto.ca

RETURNS AND RETRIEVALS
- Return all library items you have checked out in order to avoid fines.
- Resolve outstanding library fines at the Inforum. Fines paid at the Inforum go towards supporting the Inforum.
- Check the lost and found boxes in the Inforum and Student Services if you think you may have left personal belongings behind.

BORROWING PRIVILEGES
U of T Library borrowing privileges, including Inforum borrowing privileges, will expire near the time of convocation. To extend your borrowing privileges, you have two choices:

- Purchase a U of T alumni card
  http://uoft.me/alumniservices
- Sign up for a free Inforum Borrowing Card
